

## Cooper Canyon

### Directions:

Take the 5 Fwy North to the 605 FWY North to the 210 FWY West and exit at Angeles Crest HWY (HWY 2). Take Angeles Crest HWY North to the Cloudburst Summit (approx. 32 miles from the freeway). Use the Waterman Mountain Topo for this hike.

From Cloudburst Summit this hike follows a fire road all the way to Cooper Canyon Camp approximately 1.7 miles from the Summit. From there the trail continues to Buckhorn Campground another approximately 3.2 miles. This is the easy hike with a 600 foot elevation loss. For a moderate hike start at Buckhorn Campground and end at Cloudburst Summit.

Point to point the distance is about 5 miles and the trail is heavily forested with a stream and waterfall in Buckhorn Campground. Check with the Forest Service on availability of water in late summer. Water should be purified. This area requires Wilderness and Fire Permits from the Forest Service.

This hike meets the requirements for the following High Adventure Awards:

Training Hike  
 Hardback Award  
 San Gabriel Trails w/Buckhorn Segment  
 Hike in a National Forest

## EASY or MODERATE
